

## **Farm to Work**

We are excited to be offering fresh produce again this year from local farmers and growers! Beginning of the 2013-14 school year, we will be utilizing fresh produce from Bankhead Farms in Clarksville.

This will be the fourth year we have enjoyed items from Mike Bankhead's wonderful produce selection! Tasty, fresh vegetables and fruit from Mr. Bankhead have included tomatoes, peppers, watermelon, cantaloupe, corn as well as other items.

If you are or know of a farmer who would be interested in participating in the Farm to School program, please contact me or visit the Farm to School
