EXPLANATION: EXTENDED INSTRUCTIONAL PROGRAMS

MSBA has updated this policy in accordance with House Bill 1608, which eliminated the statutes governing the Extended Day Child Care Program and the Extended Day Child Care Fund. These statutes set out the procedures and requirements for applying for grant monies to support and fund extended-day child care. However, in July the state of Missouri was granted "ESEA Flexibility," otherwise known as a waiver of some of the requirements of the No Child Left Behind Act (NCLB). The section on "Supplementary Educational Services" has been removed to comply with the ESEA Flexibility/NCLB Waiver. For more information on the waiver, see <http://dese.mo.gov/qs/esea-waiver.html>.

MSBA encourages districts to take the time to review all of the programs listed in this policy. While some of these programs, such as extended school year (ESY) for special education students, reading improvement instruction for grades 3-6 and summer school, are required by law, other programs are optional. Districts that do not provide the optional services should remove the reference(s) to the program(s).

Districts are still able to establish extended-day child care without these funds. MSBA has just removed some of the specific requirements that are no longer relevant because the law has been repealed.

MSBA has also modified the "Reading Improvement Instruction" section for clarity.

MSBA recommends that copies of this document be routed to the following areas because the content is of particular importance to them. The titles on this list may not match those used by the district. Please forward copies to the district equivalent of the title indicated.

EXTENDED INSTRUCTIONAL PROGRAMS

The FIELD(DistrictCommonName) shall attempt to provide continuous progress in education to fit the needs of individuals of the community. In meeting these needs, the district may provide programs beyond those offered during the regular school day. The district will pursue all available state or federal aid for its extended instructional programs.

Adult Education

The Board may provide school facilities for the purpose of maintaining and expanding programs and services for persons interested in adult education. Such programs shall be commensurate with the needs of the community. The Board may provide administrative, ancillary and other supportive services needed to enhance the quality of the adult education program; however, the program shall be provided only out of revenue derived by the school district from sources other than state appropriations.

Early Childhood

The Board recognizes the critical importance of the early years in determining the educational development of children-is recognized by the Board: and, insofar as resources permit, encourages programs designed to help meet the physical, emotional, social and intellectual needs of preschool-age children-are encouraged.

The district will provide services to students with disabilities beginning at age three in accordance with the Individuals with Disabilities Education Act (IDEA) and as required by other applicable law.

Extended School Year

Extended school year (ESY) services may be necessary to provide a child with a disability a free appropriate public education pursuant to the law of special educational services. A student's individualized Education Program (IEP) team will determine whether ESY services are necessary and the length, nature and type of services to be provided.

Extended-Day Child Care

The district may establish before- and after-school child care programs for students between the ages of five and 14 and for the children of students. The district may establish such a program directly or with any not-for-profit corporation and may charge a fee for such programs.

Reading Improvement Instruction (Grades K-3)

The district may provide a program of reading improvement instruction for students in kindergarten through third grade who do not meet the district's objectives for reading. Students receiving such instruction can be counted toward additional average daily attendance for extra hours of instruction falling outside the traditional school day.

Reading Improvement Instruction (Grades 3-6)

~~The district will design and implement a reading improvement plan with at least 30 hours of additional reading instruction or practice outside the regular school day for students in grades four through six who do not meet minimum standards on the district's reading assessment, as required by law. The district will also design and implement reading improvement plans for students determined prior to the beginning of any school year to have a cognitive ability insufficient to meet minimum reading standards for students in grades three through six, as required by law.~~ **The district will administer reading assessments and implement reading improvement plans for students in grades three through six in accordance with law. Reading improvement plans will include at least 30 hours of additional reading instruction or practice outside the regular school day.**

Remediation as a Condition of Promotion

The district requires remediation as a condition of promotion to the next grade level for any student identified by the district as failing to master skills and competencies established for that particular grade level. The superintendent or designee shall determine which skills and competencies must be mastered, how they are to be assessed and what remediation is appropriate. The district may operate remediation programs outside the regular school day, including summer school. Such remediation shall recognize that different students learn differently and shall employ methods designed to help those students achieve at high levels. The district will pursue all available state or federal aid for such programs.

Summer School

The district shall establish a summer school program for reading instruction with a minimum of 40 hours of reading instruction and practice for all students with a reading improvement plan. The district may offer a pre-kindergarten summer school to students who will reach the age of five before August 1 of the school year beginning in that calendar year. Summer school may also be utilized for remediation as a condition of promotion.

Supplementary Educational Services

Critical

The district may be required to arrange for provision of free supplementary educational services to low-income students who attend a school that has been identified for school improvement as required by law. The district will notify parents of children eligible to receive these services and provide these parents with a list of state-approved service providers in the area, a description of the services available and, if requested, assist the parents in selecting a provider.

The district, in consultation with the parents and the provider, will develop a plan for improving the student's achievement for every child receiving services. The plan will articulate how progress reports will be shared with the parents and the school. This plan will be consistent with the IEP of any student receiving special services under IDEA.

Violence Prevention

The district may provide a violence prevention instructional program. The program shall instruct students of the negative consequences of membership in or association with criminal street gangs or street gang activity, encourage nonviolent conflict resolution of problems facing youth, present alternative constructive activities for the students and encourage community participation in program instruction. The program shall be administered as appropriate for different grade levels and shall not be offered for academic credit. The district will contact the Department of Elementary and Secondary Education for guidance in establishing a violence prevention instructional program and will apply for any available state or federal aid.
