

ADMISSION OF NONRESIDENT STUDENTS
(Districts NOT Accepting Nonresident Students)

Unless otherwise required by law, this district does not accept nonresident students. A nonresident student shall be defined as a student who does not meet the requirements to be a resident student of the Bowling Green R-I School District, as defined in Board policies and the law. Nonresident students admitted pursuant to the following exceptions or as otherwise mandated by law will not be required to file for a waiver of residency.

1. The following nonresident students will be admitted and are exempt from complete or partial tuition charges:

< Children placed by the department of mental health, the department of social services or by court order in facilities or programs located within the district will be admitted even if the child's domicile is in another district.

The district is entitled to local tax effort from each student's domiciliary district. The district may, if such funds are available and pursuant to law, receive payment from the Department of Elementary and Secondary Education (DESE) for such students in lieu of the local tax effort payments from the domiciliary district.

< Orphaned children, as defined by the courts, who have a permanent or temporary home within the school district may attend school without paying tuition.

< Children with only one (1) living parent who have a permanent or temporary home within the school district may attend school without paying tuition.

< Children whose parents do not contribute anything to their support and are unable to pay tuition, and who have a permanent or temporary home within the school district, may attend school without paying tuition.

< Children whose parents or guardians pay school taxes on property in the school district but do not live in the district may attend school in the district and pay tuition on a tuition/tax credit basis. School taxes paid to the school district by the parents or guardians of nonresident students shall be deducted from the tuition charge applicable to the school term or fractional part thereof, concurrent with the calendar year in which the taxes are paid. The deduction will be prorated among the number of students per family attending the district's schools. A tax statement must be submitted to the appropriate administrator before a student can be admitted.

< Children whose parents or guardians own real estate of which 80 acres or more are used for agricultural purposes and upon which their residence is

situated may attend school, without paying tuition, in any district in which a part of such real estate, contiguous to that upon which his or her residence is situated, lies, provided that 35 percent of the real estate is located in the district of choice. Such parents or guardians are required to send notification by June 30 to all school districts involved specifying which district their children will attend. If notification is not received, such children shall attend the school in which the majority of the parent or guardian's property lies. Attendance at any other district will require the payment of tuition.

2. The district may admit nonresident students pursuant to a contractual arrangement, the Enrollment Option Act or as otherwise permitted by law. A nonresident student enrolled pursuant to an enrollment option program shall be counted as a resident pupil for the purposes of determining state aid.
3. In the event the Board allows nonresident teachers employed by the district to send their children to the district, such children will be considered resident students for the purpose of determining average daily attendance. The Board shall not solicit or receive money from a teacher employed by the district for the purpose of paying tuition or any other expenses of the operation of schools. Furthermore, the Board may allow nonresident regular employees of the district to send their children to the district and consider them resident students for the purposes of determining average daily attendance.
4. Foreign exchange students living within the boundaries of the school district who have obtained a J-1 visa and who are sponsored by an organization listed on the Council on Standards for International Educational Travel (CSIET) Advisory List will be allowed to enroll in the school district. Such enrollment will be conditioned upon approval of the superintendent and in accordance with procedures set forth by the superintendent or designee. The Board of Education reserves the right to limit the number of foreign exchange students enrolled in a given year. Attendance by foreign exchange students is a privilege, not a right.
